CELEBRATING 30 YEARS OF MIRACLES

LOG A LOAD FOR KIDS

Did You Know: The Log A Load for Kids Program originated in South Carolina in 1988 to demonstrate logger commitment to community service and professionalism. The concept was for loggers and wood supplying businesses to donate the value of a load of logs to a Children's Miracle Network affiliated hospital. Funds were used in treating ill and injured children. Kentucky started the program in 1997 and has raised over $700,000 for the Kentucky Children's Hospital.
